It was brought to my attention that the Political items are causing way too many problems and to solve that we choose to eliminate all such items, signage, advertising, anything and everything to do with all controversial materials, porn, offensive items. Here is why, most of you know me, We worry about every vendor, we truly do, Karen and I hope you all make a lot of money each year and when attendance is down or it rains we get upset for you. When I heard there were 2 fights last year over a Flag and over political items on all sides, that was enough for us We hold the permit and the right to say if guns or weapons or political items are allowed or not it's simple. Its not worth somebody getting hurt over, its just not. If you have questions as to why PLEASE call at 607-761-2475

I agree to the stated conditions and to honor them throughout the Event
